

4th International Conference on **ENT: Head and Neck Surgery**

Theme: Innovations and excellence in otorhinolaryngology: Shaping the future of ENT and head-neck surgery

Date
May 11, 2026

Venue
Kuala Lumpur, Malaysia

SCAN ME

Welcome

Scientex conferences host a plethora of events in various fields, including Medicine, Pharma, Health Science, Life Science, Engineering, and Technology. We organize all our events with the utmost care and diligence, providing top-notch facilities and infrastructure for smooth and successful knowledge transfer among attendees. Our goal is to solve modern scientific problems for the betterment of our lives. Scientex conferences focus on achieving greatness by offering excellent opportunities for professionals to explore the scientific research community and introduce potential breakthroughs. We provide a fitting platform for eminent speakers, innovators, inventors, industry professionals, scientists, academicians, established authors, scientific editors, medical physicians, medical service providers, nursing professionals, research associates, analysts, and students to exchange ideas and find solutions to major global challenges. Our conferences are highly successful, featuring high-quality interactive technical sessions with recent research findings and futuristic trends. We focus on providing workshops and symposiums through well-established industrial and academic tie-ups with various professional bodies, organizations, and top-rated universities worldwide. We bring in eminent speakers with world-class expertise from various countries to enlighten our researchers and spark enthusiasm for research through our best conferences. These events provide a platform for effective collaborations on the latest research for the worldwide community. Our conferences include exceptional keynote speeches, interactive sessions, and lively debates on research and development in Medicine, Engineering, and Technology. ([click here for more](#))

About Conference

Scientex Conferences invites global participants to the 4th International Conference on ENT: Head and Neck Surgery, scheduled for May 11, 2026, in Kuala Lumpur, Malaysia, at the AC Hotel by Marriott Kuala Lumpur. The conference, themed “Innovations and Excellence in Otorhinolaryngology: Shaping the Future of ENT and Head–Neck Surgery,” will focus on the latest advancements, emerging technologies, and best practices in otorhinolaryngology and head and neck surgery. Key topics will include rhinology, otology, laryngology, head and neck oncology, facial plastic surgery, pediatric ENT, audiology, voice disorders, skull base surgery, and minimally invasive surgical techniques. Participants will engage with leading experts through keynote lectures, plenary sessions, oral presentations, and poster sessions showcasing cutting-edge research from clinicians, researchers, and students worldwide. The conference aims to address current challenges, promote innovation, and encourage collaboration in the rapidly evolving field of ENT and head–neck surgery. ([click here for more](#))

Conference Schedule

May 11, 2026 (Monday)

| | | |
|-------------|---|-----------------------------------|
| 08:55-09:00 | - | Registration |
| 09:00-09:15 | - | Opening Ceremony and Introduction |
| 09:15-10:30 | - | Keynote Session |

| 10:50-12:30 | - | Break Out Session |
| 12:30-13:30 | - | Lunch |
| 13:30-15:00 | - | Break Out Session |
| 15:00-15:30 | - | Refreshment Break |
| 15:30-17:00 | - | Break Out Session |

4th International Conference on ENT: Head and Neck Surgery

May 11, 2026 | Kuala Lumpur, Malaysia

SPEAKER PRESENTATIONS

Title: Preventing laryngeal nerve palsy during thyroidectomies – a non-systematic review of the surgical anatomy literature

Shahzeb Sheikh, Nottingham University Hospitals NHS Trust, UK

Title: Clear but not simple: Diagnostic challenges of a rare case of hyalinising clear cell carcinoma of the palate

Radhika Ramgundamwar, Government Dental College and Hospital, India

Title: COX-2 expression across the spectrum of oral lesions: From normal mucosa to OSCC

Neha Kumari, Government Dental College and Hospital, India

Title: Post-thyroidectomy swallowing difficulties

Litsou Eleni, University Hospital of Ioannina, Greece

Title: T4 versus T3 in hypothyroidism: Understanding the differences and clinical implications

Angela Mazza, Orlando College of Osteopathic Medicine, USA

Title: Evidence based practice for flap failure prevention and flap surveillance promotion in patients with head and neck cancer undergoing flap reconstruction

Mantana Pudtapruk, Srinagarind Hospital; Khon Kaen university, Thailand

Title: Granular cell tumour of the oesophagus masquerading as parathyroid pathology

Harmeen Kaur Jagpal, Queen Elizabeth Hospital Birmingham, UK

Title: Multiple primary malignancies in head and neck cancer

Litsou Eleni, University Hospital of Ioannina, Greece

Title: Mucosa-Associated Lymphoid Tissue (MALT) Lymphoma of the Nasopharynx in a 21-Year-Old Woman: A Case Report

Katrina Tagata, Victoriano Luna Medical Center, Philippines

Title: Patients with facial soft tissue injuries and factors associated: A cross-sectional study in central India

Teena Oommen, Maharashtra University of Health Sciences (MUHS), India

Title: A rare case of spontaneous external jugular vein pseudoaneurysm

Shaili Priyamvada, Rama Medical College, India

Title: Surgery and its evolving role in the multidisciplinary management of head and neck cancer

Litsou Eleni, University Hospital of Ioannina, Greece

Title: Skills training on facial soft tissue augmentation of beginner injectors using dyed hyaluronic acid on the forehead and temples of fresh frozen cadavers

Princess Joy Caraan, Ospital ng Maynila Medical Center, Philippines

Title: Maxillary sinus cyst and angioliopoma: A case report at Wangaya Regional General Hospital, Indonesia

Yovita Hamdani, Wangaya Regional General Hospital, Indonesia

Title: Predicting the outcome of tympanoplasty using middle ear risk index in patients with chronic otitis media

Rashmi Rajashekhar, Dr. D. Y. Patil Medical College, Hospital & Research Centre, India

Title: Home versus office-based pretreatment cerumenolysis using mineral oil in the management of impacted cerumen in Baguio General Hospital and Medical Center

Jerleen Jill Epler, Baguio General Hospital and Medical Center, Philippines

Title: Orthognathic surgery in patients with previous rhinoplasty: Functional and aesthetic considerations

Eren Pera, Hospitaprime, Turkey

Title: Non-otologic causes of otalgia: The role of temporomandibular disorders

Ruchika Sood, Neocare - Orofacial Pain Relief Center, India

Title: Craniofacial and upper airway structural alterations in mouth-breathing children: CBCT evidence for early ENT screening

Anrizandy Narwidina, Universitas Gadjah Mada, Indonesia

Title: Nocardia otomastoiditis in a patient with diffuse large B-cell lymphoma receiving chemoradiotherapy: A rare case of neutropenic infection managed medically

Ifra Nasir, Shaukat Khanum Memorial Cancer Hospital & Research Centre, Pakistan

Title: Results of clinical and audiologic study of sensorineural hearing loss combined with toxoplasma and cytomegalovirus infection

Khurram Karabaev, Tashkent State Medical University, Uzbekistan

Title: Surgical success and resolution rates of endoscopic sinus surgery for odontogenic maxillary sinusitis: A systematic review and meta-analysis

Abdullah Alabdulqader, Imam Mohammad Ibn Saud Islamic University (IMSIU), Saudi Arabia

Title: Epidemiology and neck lymph node status of surgically treated oral cancer patients in a tertiary care hospital in Bangladesh

Motiuur Rahman Molla, Anwer Khan Modern Medical College and Hospital, Bangladesh

Title: Developing and validating the IRC-36: A communication screening tool for children aged 0–36 months

Bianca Arruda Manchester de Queiroga, Federal University of Pernambuco, Brazil

Title: Innovative molecular diagnostic strategy for salivary gland lesions based on ATR-FTIR spectroscopy coupled with machine learning

Ozkan Miloglu, Ataturk University, Turkey

Title: Assessment of periodontitis as a predictive sign of occurrence of type-II diabetes mellitus: A case-control study

Ayoub Ibrahim Al Kharusi, Sultan Qaboos University Hospital, Oman

Title: Status of tongue and floor of mouth reconstruction following cancer resection in Vietnam National University , Hanoi

Hong Nhung Nguyen, University of Science, Vietnam National University Hanoi, Vietnam

Title: From grin to grim: A case report of an incidental finding of a displaced denture in the larynx

Roselyn Solomon, Ilocos Training and Regional Medical Center, Philippines

Title: Evaluation of patient satisfaction and quality of life in patients undergoing rhinoplasty systematic review and meta-analysis

Enar Alotaibi, Princess Nourah Bint Abdulrahman University, Saudi Arabia

Title: A case report on the revolving door flap for reconstruction after wide excision of basal cell carcinoma of the left external auditory canal and concha cavum

Xianthe Dianna Gomez, Philippine General Hospital, Philippines

Title: Robotic unilateral axilo-breast approach (R-UABA) gas-insufflated thyroidectomy: Proposal of a modified surgical technique

Mariana Mourao, General Surgeon ULS Sao Jose, Brazil

Title: Comparison of facial soft tissue thickness, pharyngeal airway widths in different skeletal patterns

Chraseeta Louis, Consultant Orthodontist, India

Title: Comparison of facial soft tissue thickness, pharyngeal airway widths in different skeletal patterns

Mingming Wang, Tsinghua University - Beijing Tsinghua Changgung Hospital, China

Title: Tissue expansion for large congenital melanocytic nevus in pediatric scalp reconstruction: A case report

Pham Trinh Quoc Khanh, Trung Vuong Hospital, Vietnam

Title: Histopathological changes of minimal associated pathological lesions of vocal folds: Comparative study between smokers versus non-smokers

Safinaz Nagib Azab, Beni-Suef University, Egypt

Title: Tranexamic acid: Safeguarding children with craniosynostosis from bleeding: A review article

Khildan M. Firdaus, Airlangga University and Hospital, Indonesia

Title: Recurrent peritonsillar abscess in an active smoker patient

Dwi Khoirriyani, Hermina Hospitals, Indonesia

Title: Impact of preoperative transcatheter arterial embolization on blood loss and surgery time during endoscopic transnasal resection of juvenile angiofibroma

Aizhan Nurmagambetova, Corporate Fund University Medical Center, Kazakhstan

Title: Nasal myiasis in an immunocompetent child with cerebral palsy: A case report

Mohamed Bouallou, Mohammed VI University Hospital Center, Morocco

Title: Comparison of accuracy in mandible-first and maxilla-first approaches in bimaxillary orthognathic surgery: A meta-analysis

Liya Yang, Chinese Academy of Medical Sciences and Peking Union Medical College, China

Title: Investigations of the correlation between the roof of the maxillary sinus, the posterior ethmoid sinuses, and the sphenoid sinus on CT scan of the paranasal sinuses

Nguyen Minh Trung, Pham Ngoc Thach University of Medicine, Vietnam

Title: Case report of left meningoencephalocele with CFS leak post-COVID-19 PCR testing

El-Dabbas, Al Bashir Hospital, Jordan

Title: Adult-onset pediatric-type follicular lymphoma of the parotid gland

Mazin Albaldawy, Burjeel Cancer Institute , UAE

Title: Microvascular surgeon: The second victim with free flap failure

Sara Yang, Oregon Health and Science University , USA

Title: Impact of neonatal jaundice on hearing outcomes in children and the importance of early hearing screening using bera

Lavanya Arjunan, KLE's Dr. Prabhakar Kore Hospital & Medical Research Centre, India
