Scientex conferences host a plethora of events in various fields, including Medicine, Pharma, Health Science, Life Science, Engineering, and Technology. We organize all our events with the utmost care and diligence, providing top-notch facilities and infrastructure for smooth and successful knowledge transfer among attendees. Our goal is to solve modern scientific problems for the betterment of our lives. Scientex conferences focus on achieving greatness by offering excellent opportunities for professionals to explore the scientific research community and introduce potential breakthroughs. We provide a fitting platform for eminent speakers, innovators, inventors, industry professionals, scientists, academicians, established authors, scientific editors, medical physicians, medical service providers, nursing professionals, research associates, analysts, and students to exchange ideas and find solutions to major global challenges. Our conferences are highly successful, featuring high-quality interactive technical sessions with recent research findings and futuristic trends. We focus on providing workshops and symposiums through well-established industrial and academic tie-ups with various professional bodies, organizations, and top-rated universities worldwide. We bring in eminent speakers with world-class expertise from various countries to enlighten our researchers and spark enthusiasm for research through our best conferences. These events provide a platform for effective collaborations on the latest research for the worldwide community. Our conferences include exceptional keynote speeches, interactive sessions, and lively debates on research and development in Medicine, Engineering, and Technology. ([click here for more](#))

About Conference

Scientex Conferences invites global participants to the 4th International Conference on ENT: Head and Neck Surgery, scheduled for May 11–12, 2026, in Kuala Lumpur, Malaysia, at the AC Hotel by Marriott Kuala Lumpur.

The conference, themed “Innovations and Excellence in Otorhinolaryngology: Shaping the Future of ENT and Head-Neck Surgery,” will focus on the latest advancements, emerging technologies, and best practices in otorhinolaryngology and head and neck surgery. Key topics will include rhinology, otology, laryngology, head and neck oncology, facial plastic surgery, pediatric ENT, audiology, voice disorders, skull base surgery, and minimally invasive surgical techniques.

Over two days, participants will engage with leading experts through keynote lectures, plenary sessions, oral presentations, and poster sessions showcasing cutting-edge research from clinicians, researchers, and students worldwide. The conference aims to address current challenges, promote innovation, and encourage collaboration in the rapidly evolving field of ENT and head-neck surgery. ([click here for more](#))

Conference Schedule

3

Day 1 - May 11, 2026 (Monday)

08:55-09:00	-	Registration
09:00-09:15	-	Opening Ceremony and Introduction
09:15-10:30	-	Keynote Session
10:30-10:50	-	Refreshment Break
10:50-12:30	-	Break Out Session
12:30-13:30	-	Lunch
13:30-15:00	-	Break Out Session
15:00-15:30	-	Refreshment Break
15:30-17:00	-	Break Out Session

Day 2 - May 12, 2026 (Tuesday)

09:00-10:30	-	Keynote Session
10:30-10:50	-	Refreshment Break
10:50-12:30	-	Break Out Session
12:30-13:30	-	Lunch
13:30-15:00	-	Break Out Session
15:00-15:30	-	Refreshment Break
15:30-17:00	-	Break Out Session

Presentations

4

4th International Conference on ENT: Head and Neck Surgery

May 11-12, 2026 | Kuala Lumpur, Malaysia

SPEAKER PRESENTATIONS

Title: T4 versus T3 in hypothyroidism: Understanding the differences and clinical implications

Angela Mazza, Orlando College of Osteopathic Medicine, US

Title: Comparison of facial soft tissue thickness, pharyngeal airway widths in different skeletal patterns

Chraseeta Louis, Consultant Orthodontist, India

Title: Malignant mucosal melanoma of the paranasal sinuses

Naglaa Elsayed, King Abdulaziz University, Saudi Arabia

Title: Skills training on facial soft tissue augmentation of beginner injectors using dyed hyaluronic acid on the forehead and temples of fresh frozen cadavers

Princess Joy Caraan, Ospital ng Maynila Medical Center, Philippines

Title: COX-2 expression across the spectrum of oral lesions: From normal mucosa to OSCC

Neha Kumari, Government Dental College and Hospital, India

Title: Robotic unilateral axilo-breast approach (R-UABA) gas-insufflated thyroidectomy: Proposal of a modified surgical technique

Mariana Mourao, General Surgeon ULS Sao Jose, Portugal

Title: A case report on the revolving door flap for reconstruction after wide excision of basal cell carcinoma of the left external auditory canal and concha cavum

Xianthe Dianna Gomez, Philippine General Hospital, Philippines

Title: Clear but not simple: Diagnostic challenges of a rare case of hyalinising clear cell carcinoma of the palate

Radhika Ramgundamwar, Government Dental College and Hospital, India

Title: Patients with facial soft tissue injuries and factors associated: A cross-sectional study in central India

Teena Oommen, Maharashtra University of Health Sciences (MUHS), India

Title: Post-thyroidectomy swallowing difficulties

Litsou Eleni, University Hospital of Ioannina, Greece

Title: Alleviating eosinophilic inflammation in CRSwNP by reducing epithelial CST1 expression through epithelial lineage switching

Mingming Wang, Tsinghua University - Beijing Tsinghua Changgung Hospital, China

Title: A study on cancer associated fibroblast using alpha smooth muscle actin immunohistochemistry in oral squamous cell carcinoma

Ambika Kunhikannan, Sri Devaraj Urs Medical College, India

Presentations

5

Title: Comparison of accuracy in mandible-first and maxilla-first approaches in bimaxillary orthognathic surgery: A meta-analysis

Liya Yang, Chinese Academy of Medical Sciences and Peking Union Medical College, China

Title: Nasal myiasis in an immunocompetent child with cerebral palsy: A case report

Mohamed Bouallou, Mohammed VI University Hospital Center, Morocco

Title: Impact of preoperative transcatheter arterial embolization on blood loss and surgery time during endoscopic transnasal resection of juvenile angiomyxoma

Aizhan Nurmagambetova, Corporate Fund University Medical Center, Kazakhstan

Title: What is the impact of dupilumab on nasal polyp size and sinonasal symptom scores in patients with chronic rhinosinusitis with nasal polyps compared to placebo or other biological therapies?

Syaam Choudhry, Anglia Ruskin University, UK

Title: Recurrent peritonsillar abscess in an active smoker patient

Dwi Khoirriyani, Hermina Hospitals, Indonesia

Title: Histopathological changes of minimal associated pathological lesions of vocal folds: Comparative study between smokers versus non-smokers

Safinaz Nagib Azab, Beni-suef University , Egypt

Title: Tranexamic acid: Safeguarding children with craniosynostosis from bleeding: A review article

Khildan M. Firdaus, Airlangga University and Hospital, Indonesia

Title: Tissue expansion for large congenital melanocytic nevus in pediatric scalp reconstruction: A case report

Pham Trinh Quoc Khanh, Trung Vuong Hospital, Vietnam

Title: First Russian experience of pediatric subtotal facial tissue replantation

Alexey S. Dikarev, Alexander A. Martirosian, Dikarev's Scientific Center of Microsurgery, Russian Federation

Title: Investigations of the correlation between the roof of the maxillary sinus, the posterior ethmoid sinuses, and the sphenoid sinus on CT scan of the paranasal sinuses

Nguyen Minh Trung, Pham Ngoc Thach University of Medicine, Vietnam

Title: Preventing laryngeal nerve palsy during thyroidectomies – a non-systematic review of the surgical anatomy literature

Shahzeb Sheikh, Nottingham University Hospitals NHS Trust, UK

Title: Case report of left meningoencephalocele with CFS leak post-COVID-19 PCR testing

El-Dabbas, Al Bashir Hospital, Jordan

Title: Multiple primary malignancies in head and neck cancer

Litsou Eleni, University Hospital of Ioannina, Greece

Presentations

6

Title: Surgery and its evolving role in the multidisciplinary management of head and neck cancer

Litsou Eleni, University Hospital of Ioannina, Greece

Title: Cancers in adolescents and young adults (AYA) population: 5-year experience from a cancer registry in India

Mahbooba Khazir, Aligarh Muslim University, India

Title: Prevalence and clinico-radiological profile of chronic rhino-sinusitis in patients visiting a tertiary care hospital

Bibek Ghimire, Kathmandu University, Nepal

Title: Nutrition and swallowing assessment with prehabilitation in upper aerodigestive tract cancer patients undergoing surgery or radiotherapy: Early outcomes

Nivedhan R, PGIMER, India

Title: Hydatid cyst of the neck presenting with left upper limb paresthesia in a 29- year-old man: A case report

Ehsan Sobhanian, Tehran University of Medical Sciences, Iran

Title: Efficacy of decompression in maxillofacial cyst management

Zainab Choudhary, Maulana Azad Institute of Dental Sciences, India

Title: Adult-onset pediatric-type follicular lymphoma of the parotid gland

Mazin Albaldawy, Burjeel Cancer Institute , UAE

Title: Global trend and geographic distribution of thyroid cancer from 1990 to 2021 and its prediction until 2030

Zahra Maleki, Torbat Heydariyeh University of Medical Sciences , Iran

Title: Evaluation of patient satisfaction and quality of life in patients undergoing rhinoplasty systematic review and meta-analysis

Enar Alotaibi, Princess Nourah Bint Abdulrahman University, Saudi Arabia

Title: A rare case of spontaneous external jugular vein pseudoaneurysm

Shaili Priyamvada, Rama Medical College, India

Title: Beyond anatomical boundaries: Translating urological principles to optimize precision surgery in otolaryngology

Ojas Vijayanand Potdar, Thunga STH Hospital Juhu, India

Title: Overdiagnosis and overtreatment of thyroid cancer, a single city experience in the Kurdistan region / Iraq

Ramadhan Othman, University of Duhok, Iraq

Title: Granular cell tumour of the oesophagus masquerading as parathyroid pathology

Harmeet Kaur Jagpal, Queen Elizabeth Hospital Birmingham, UK

Presentations

7

Title: Orthognathic surgery in patients with previous rhinoplasty: Functional and aesthetic considerations

Eren Pera, Hospitaprime, Turkey

Title: A study of otorhinolaryngological manifestations of road traffic accident patients presenting at tertiary care hospital

Smriti Ekka, People's University, India

Title: Mucosa-Associated Lymphoid Tissue (MALT) Lymphoma of the Nasopharynx in a 21-Year-Old Woman: A Case Report

Katrina Tagata, Victoriano Luna Medical Center, Philippines

Title: A computed tomographic study of maxillary sinus with sinus disease

Pratibha Shakya, KGMU, India

Title: From grin to grim: A case report of an incidental finding of a displaced denture in the larynx

Roselyn Solomon, Ilocos Training and Regional Medical Center, Philippines

Title: Streamlining septorhinoplasty: The benefits of daycare surgery in septorhinoplasty, a single surgeon experience

Sheikhan Al Hashmi, Khoula Hospital, Oman

Title: Status of tongue and floor of mouth reconstruction following cancer resection in Vietnam National University , Hanoi

Hong Nhung Nguyen, University of Science, Vietnam National University Hanoi, Vietnam

Title: Evidence based practice for flap failure prevention and flap surveillance promotion in patients with head and neck cancer undergoing flap reconstruction

Mantana Pudtapruk, Srinagarind Hospital; Khon Kaen university, Thailand
