

## 5<sup>th</sup> International Conference on **ENT: Head and Neck Surgery**

Theme: Global Innovations in ENT and Head-Neck Surgery

**Date**

April 12-13, 2027

**Venue**

Dubai, UAE

SCAN ME

Scientex conferences host a plethora of events in various fields, including Medicine, Pharma, Health Science, Life Science, Engineering, and Technology. We organize all our events with the utmost care and diligence, providing top-notch facilities and infrastructure for smooth and successful knowledge transfer among attendees. Our goal is to solve modern scientific problems for the betterment of our lives. Scientex conferences focus on achieving greatness by offering excellent opportunities for professionals to explore the scientific research community and introduce potential breakthroughs. We provide a fitting platform for eminent speakers, innovators, inventors, industry professionals, scientists, academicians, established authors, scientific editors, medical physicians, medical service providers, nursing professionals, research associates, analysts, and students to exchange ideas and find solutions to major global challenges. Our conferences are highly successful, featuring high-quality interactive technical sessions with recent research findings and futuristic trends. We focus on providing workshops and symposiums through well-established industrial and academic tie-ups with various professional bodies, organizations, and top-rated universities worldwide. We bring in eminent speakers with world-class expertise from various countries to enlighten our researchers and spark enthusiasm for research through our best conferences. These events provide a platform for effective collaborations on the latest research for the worldwide community. Our conferences include exceptional keynote speeches, interactive sessions, and lively debates on research and development in Medicine, Engineering, and Technology. ([click here for more](#))

## About Conference

Scientex Conferences cordially invites global participants to the **5<sup>th</sup> International Conference on ENT: Head and Neck Surgery**, taking place on **April 12-13, 2027 in Dubai, UAE**. Centered on the theme “**Global Innovations in ENT and Head-Neck Surgery**,” the conference will highlight recent advancements, emerging technologies, and evolving clinical practices in otorhinolaryngology and head and neck surgery. The scientific program will cover key areas including rhinology, otology, laryngology, head and neck oncology, facial plastic surgery, pediatric ENT, audiology, voice disorders, skull base surgery, and minimally invasive techniques.

Over two days, attendees will interact with distinguished experts through keynote addresses, plenary talks, oral presentations, and poster sessions presenting innovative research from clinicians, researchers, and students worldwide. The event aims to address current challenges, foster innovation, and strengthen global collaboration in the field of ENT and head–neck surgery. ([click here for more](#))

# Conference Schedule

## Day 1 - April 12, 2027 (Monday)

|             |   |                                   |
|-------------|---|-----------------------------------|
| 08:55-09:00 | - | Registration                      |
| 09:00-09:15 | - | Opening Ceremony and Introduction |
| 09:15-10:30 | - | Keynote Session                   |
| 10:30-10:50 | - | Refreshment Break                 |
| 10:50-12:30 | - | Break Out Session                 |
| 12:30-13:30 | - | Lunch                             |
| 13:30-15:00 | - | Break Out Session                 |
| 15:00-15:30 | - | Refreshment Break                 |
| 15:30-17:00 | - | Break Out Session                 |

## Day 2 - April 13, 2027 (Tuesday)

|             |   |                   |
|-------------|---|-------------------|
| 09:00-10:30 | - | Keynote Session   |
| 10:30-10:50 | - | Refreshment Break |
| 10:50-12:30 | - | Break Out Session |
| 12:30-13:30 | - | Lunch             |
| 13:30-15:00 | - | Break Out Session |
| 15:00-15:30 | - | Refreshment Break |
| 15:30-17:00 | - | Break Out Session |

## 5<sup>th</sup> International Conference on ENT: Head and Neck Surgery

April 12-13, 2027 | Dubai, UAE

### SPEAKER PRESENTATIONS

**Title: Should speech therapy be multilingual? An argumentative review**

**Khushi Jain**, Frontier ENT Hospital, India

**Title: A 10 year old's journey to vocal health: The role of otolaryngologist and speech therapist**

**Nihal Muneer**, Kent Healthcare, UAE

**Title: Neurofibroma – A diagnostic rarity**

**Shreya Watts**, Venkateshwara Institute of Medical Sciences, India

**Title: Investigation of recurrence rate and associated risk factors of laryngeal squamous cell carcinoma in patients undergoing transoral laser microsurgery: A retrospective cohort study**

**Mohammad Amin Zaeim Yekeh**, Iran University of Medical Sciences, Iran

**Title: The difficult rhinitis patient: An allergist's perspective**

**Fatima Ali**, Kuwait University, Kuwait

**Title: Risperidone-Induced Nasal Congestion and Increased Urinary Frequency**

**Heesa Haud**, Medical Intern, UAE

**Title: Comparative study of myringoplasty using temporalis fascia in wet and dry ear**

**Rajlaxmi Subhashchandra Korpe**, Mahatma Gandhi Institute of Medical Sciences, India

**Title: Risk of swallowing disorders in patients with chronic rhinosinusitis and nasal polyposis in comparison to healthy controls: A survey of 50 cases**

**Zeina Korban**, American University of Beirut Medical Center, Lebanon

**Title: Risperidone-induced nasal congestion and increased urinary frequency**

**Hessa Abu Baker**, Gulf Medical University, UAE

**Title: A glandular odontogenic cyst mimicking a dentigerous cyst: A diagnostic pitfall**

**Aryan Wadehra**, Government Dental College and Research Institute, India

**Title: A nasal impression assembly and method of nasal measuring and imprinting**

**Hina Zafar**, Rahbar College of Dentistry, Pakistan

**Title: Surgical removal of an impacted palatal mesiodens prior to orthodontic treatment: A case report**

**Allan E Sanabria Marcia**, Excel Dental Lynn, USA

**Title: Impact of floseal and nasopore in managing epistaxis in the emergency department: A quality improvement analysis**

**Usman Mansoor**, Al Jalila Children's Speciality Hospital, UAE

**Title: Role of hormones on nasal cycle**

**Sumit Sharma**, Mayo Institute of Medical Sciences, India

**Title: Neurofibroma – A Diagnostic Rarity**

**Shreya Watts**, Venkateshwara Institute of Medical Science, India

**Title: A prospective case series evaluating efficacy and safety of Itraconazole and Potassium Iodide (combination) in Rhinofacial Conidiobolomycosis**

**Manish Gupta**, Dr. B. R. Ambedkar State Institute of Medical Sciences (AIMS), India

**Title: Cortical auditory evoked potential with different speech stimuli in children with asymptomatic congenital cytomegalovirus infection**

**Luara Rezende Madeira**, University of São Paulo, Brazil

**Title: Communication Problems following Traumatic Brain Injury**

**Juliet Haarbauer-Krupa**, Emory University School of Medicine, USA

**Title: A rare tumor at a rare location: Facial nerve schwannoma**

**Mitesh Kumar Sharma**, St. Stephen's Hospital, India

**Title: Ayurvedic management of vocal cord growth: A non-invasive case study**

**Manisha Singla**, Ayush Health & Wellness center, India

**Title: Validating earthshot for oral cancer: An AI driven point of care solution for guideline adherent treatment planning in a decentralized cancer care model**

**Rhea Mehta**, India

**Title: Vestibular evoked myogenic potentials reveal impairments in vestibular nerve pathways in children with attention deficit hyperactivity disorder**

**Dekun Gao**, Fudan University, China

**Title: Effects of mesenchymal STEM cell-derived exosomes on lung inflammation in a murine aspiration model**

**Nogah Nativ-Zeltzer**, University of California, USA

**Title: Managing the invisible: Treatment approaches after Pathological Complete Response (PCR) to neoadjuvant chemotherapy in oral cancer Response (pCR) to Neoadjuvant Chemotherapy in Oral Cancer**

**Swayambhu Bhandarkar**, Apollo Hospitals, India

**Title: Malignant peripheral nerve sheath tumor of the tongue in a patient with neurofibromatosis type 1: A case report**

**Justine Grace Mariano**, El Nido Community Hospital, Philippines

**Title: Pterygoid hamulus: The untouched unnavigated yet indispensable entity**

**Smrithy Sivadas K**, Consultant radiologists at Oral-D 3D Dental Imaging, India
