Scientex conferences host a plethora of events in various fields, including Medicine, Pharma, Health Science, Life Science, Engineering, and Technology. We organize all our events with the utmost care and diligence, providing top-notch facilities and infrastructure for smooth and successful knowledge transfer among attendees. Our goal is to solve modern scientific problems for the betterment of our lives. Scientex conferences focus on achieving greatness by offering excellent opportunities for professionals to explore the scientific research community and introduce potential breakthroughs. We provide a fitting platform for eminent speakers, innovators, inventors, industry professionals, scientists, academicians, established authors, scientific editors, medical physicians, medical service providers, nursing professionals, research associates, analysts, and students to exchange ideas and find solutions to major global challenges. Our conferences are highly successful, featuring high-quality interactive technical sessions with recent research findings and futuristic trends. We focus on providing workshops and symposiums through well-established industrial and academic tie-ups with various professional bodies, organizations, and top-rated universities worldwide. We bring in eminent speakers with world-class expertise from various countries to enlighten our researchers and spark enthusiasm for research through our best conferences. These events provide a platform for effective collaborations on the latest research for the worldwide community. Our conferences include exceptional keynote speeches, interactive sessions, and lively debates on research and development in Medicine, Engineering, and Technology. ([click here for more](#))

## About Webinar

Building on the tremendous success of the ENT 2025 webinar, we are delighted to invite you to the **4<sup>th</sup> International Webinar on ENT: Head and Neck Surgery**, proudly organized by Scientex Conferences, taking place on **May 25–26, 2026 | GMT +8**. This year's webinar revolves around the compelling theme: "Innovations and Excellence in Otorhinolaryngology: Shaping the Future of ENT and Head-Neck Surgery." All participants will be awarded an E-Certificate of Attendance.

This global forum is designed to unite renowned professionals from the ENT and head and neck surgery community to exchange insights, clinical advancements, and impactful research. We warmly welcome ENT specialists, otolaryngologists, surgeons, audiologists, researchers, educators, medical students, industry experts, speech-language pathologists, and other healthcare professionals dedicated to improving outcomes in this vital field.

With a strong focus on innovation and excellence, the webinar aims to promote meaningful collaborations and spotlight emerging technologies and practices that will enhance the safety and effectiveness of ENT care... ([click here for more](#))
